

All the Right Moves – Denmark

Britannia

Removals. Storage and International Shipping

Welcome To Britannia In Denmark

Britannia in Denmark

For many years Britannia has been providing an excellent door to door shipping and removal service to Denmark, and can either transport your effects by shared load (groupage) or by sole use container load. Household and personal effects can be transported to Denmark in various ways; overland by road van, by sea containers or by air.

Importing Personal Effects

Denmark is a full member of the EU therefore there are no restraints on the movement of household goods to and from Denmark and other EU countries. For Non EU Citizens however, household goods which have been owned and used for a minimum of 6 months, and are still intended for owner's use, can be imported duty free by any person taking up residence in Denmark. Returning Danes must have lived abroad for at least 12 months to qualify for duty free importation of household goods. Customs clearance must take place immediately upon arrival of goods.

Documentation

If you are moving within the EU, documentation required should be merely a copy of your passport, and a detailed inventory list in English. If you are moving to Denmark from outside the EU then you will also need a completed Danish customs form. Britannia will advise you of the requirements prior to your move.

Prohibitions and Restrictions

In general it is in your interest not to import the following items:

- Firearms & ammunition
- Inflammable goods & substances
- Plants & plant material

- Foodstuffs, perishables or otherwise
- Narcotics and dangerous goods
- Offensive materials
- Alcohol & Tobacco

Transit Times

Transit times can vary subject to the method of transport chosen, size of your consignment and the final destination. Britannia will advise you once this information is established.

Computer Tracking

Through satellite and computer technology we are able to monitor the progress of your consignment.

Bar Coding

All Groupage consignments will be bar coded before they are loaded into the shipping container. This will ensure that no items are left at origin.

Domestic Pets

Britannia can recommend a specialised shipper of animals to assist you in sending your family pet(s) from home to home. They will coordinate all documentation and necessary veterinary procedures.

Motor Vehicles

Importation of motor vehicles to Denmark will be subject to compliance, it is probable that duty and tax will apply. Shipment of right-hand vehicles is not recommended.
