REMOVALS, STORAGE AND INTERNATIONAL SHIPPING

Welcome to Britannia in Poland

Britannia in Poland

For many years Britannia has been providing an excellent door to door shipping and removal service to Poland, and can either transport your effects by shared load (groupage) or by sole use container load. Household and personal effects can be transported to Poland in various ways; overland by road van, by sea containers or by air.

Importing Personal Effects

Poland is a full member of the EU therefore if you are moving within the EU, used household effects may be imported duty free. For Non EU Citizens any shipments of used household and personal effects may be imported duty free provided the owner has resided abroad for at least a year. The owner must have a permanent residence card to obtain duty/tax exemption.

Documentation

If you are moving within the EU, documentation required should be merely a copy of your passport, and a detailed inventory list in Polish or English. If you are moving to Poland from outside the EU then you will also need a completed Polish customs form and a certificate obtained from the Polish Consulate in the origin country. Britannia will advise you of the requirements prior to your move.

Prohibitions and Restrictions

In general it is in your interest not to import the following items:

- Firearms & ammunition
- Inflammable goods & substances
- Plants & plant material
- Foodstuffs, perishables or otherwise
- Narcotics and dangerous goods
- Offensive materials
- Alcohol & Tobacco

Transit Times

Transit times can vary subject to the method of transport chosen, size of your consignment and the final destination. Britannia will advise you once this information is established.

Tracking Consignment

All groupage consignments will be bar coded before they are loaded into the shipping container. This will ensure that no items are left at origin and allow Britannia to check the status of your goods in transit.
