ALL THE RIGHT MOVES

Importing Goods to Indonesia

Importing Personal Effects

Shipments of used household and personal effects may be imported duty free to Indonesia, subject to certain restrictions. The shipper will need a 12-month visa, original residence permit and work permit. Single consignees must obtain a statement to these effects from the embassy in Jakarta. Arrival of the effects must be within 6 months of the date of residence permit, and only two shipments (one by sea/one by air) are allowed. Returning Indonesian residents require documentation from the Embassy at origin and must have spent a minimum of three years abroad. Your local Britannia Member will provide you with detailed customs regulations.

If you're importing your belongings by shared load (groupage), all consignments will be bar coded before they are loaded into the shipping container. This will ensure that no items are left at origin and will allow Britannia to check the status of your goods in transit.

Prohibitions and Restrictions

The following items are prohibited or restricted and we strongly advise you not to include them in your consignment:

- Firearms, ammunition & weapons
- Inflammable goods & substances
- Plants, plant material & animal products
- Foodstuffs, perishables or otherwise
- Alcohol, tobacco & narcotics
- Dangerous goods
- Objectionable, indecent and offensive material

Transit Times

Both sole use and crated consignments usually take an average of 6 – 7 weeks.

** Any transit times provided should be considered only as a guide and cannot be guaranteed. Shipping can be subject to delays beyond our control.*

Documentation

Britannia will assist you to complete the customs formalities. To help us with this we will need a copy of your passport (and visa if applicable).

Our team members will supply the required documentation to you on arrival. To avoid additional charges, it is essential that documentation is completed and returned promptly.
